Challenges We Solve

Why Businesses Struggle to Scale Online

- ✓ Websites that fail to convert visitors into customers
- ✓ Advertising campaigns with low return on investment
- ✓ Lack of a clear and structured growth strategy
- ✓ Manual workflows that limit scalability

*"Codecubes addresses these challenges by **building integrated systems** designed for performance and growth."*

Our Process

A Structured Approach to Sustainable Growth

01

Audit

Evaluating your website, marketing, and workflows.

02

Build

Developing tailored solutions for your goals.

03

Scale

Optimizing strategies for consistent results.

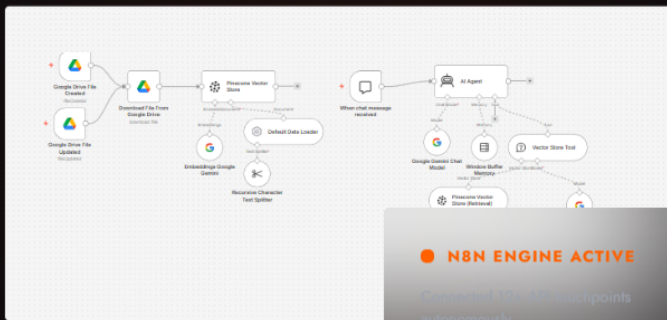

Automation Systems (n8n)

Smart Automation That Works Continuously

We implement n8n-based automation workflows to connect your tools, automate processes, and ensure smooth business operations.

From lead capture to follow-ups and internal workflows, our systems help reduce manual effort and increase productivity.

Search Engine Optimization

STARTER

\$ **349** /One-Time

Most businesses launch with a template and wonder why no one takes them seriously. The Starter package changes that. You get a clean, professionally built WordPress website that signals credibility from the moment someone lands on your page — delivered fast, without compromise.

GET STARTED →

INCLUDES

- ✓ 5 core pages built and configured (Home, About, Services, Contact, Blog)
- ✓ Mobile-first design that looks sharp on every screen
- ✓ Inquiry-ready contact form so leads can reach you instantly
- ✓ SEO foundation laid correctly from day one
- ✓ Expert domain and hosting consultation included at no extra cost

NOT INCLUDED

- ✗ Fully custom design from scratch
- ✗ E-commerce or online payment integration
- ✗ Post-launch support and maintenance

Timeline **7–10 working days**
Revisions **2 rounds included**

GROWTH

MOST POPULAR

\$ **799** /One-Time

Your website is your most important salesperson. It works 24 hours a day, 7 days a week, and never asks for a commission. The Growth package gives you a fully custom-designed, high-performance website built around your brand — one that attracts the right clients and converts them without you lifting a finger.

GET STARTED →

INCLUDES

- ✓ 12 pages, each with a unique layout crafted around your content and goals
- ✓ 100% custom design — your brand, your identity, your competitive edge
- ✓ E-commerce store built for up to 30 products, ready to sell from launch day
- ✓ Speed-optimized and structured for strong Google visibility
- ✓ Google Analytics installed so you always know who's visiting and why
- ✓ 30 days of dedicated post-launch support — we stay until it's running perfectly
- ✓ WhatsApp chat integration and full social media connectivity

NOT INCLUDED

- ✗ Multi-vendor marketplace or booking system functionality

Timeline **14–18 working days**
Revisions **3 rounds included**

PREMIUM

\$ **1,499+** /One-Time

This is not a template. It is not a shortcut. The Premium package is a fully engineered digital asset — built for businesses that understand the difference between having a website and having a weapon. Scalable, fast, and designed to outperform every competitor in your space.

GET STARTED →

INCLUDES

- ✓ 25 pages with sophisticated, fully custom layouts built to your exact specifications
- ✓ Booking, appointment scheduling, or membership system integrated seamlessly
- ✓ Complete e-commerce infrastructure — products, payments, invoicing, and order management
- ✓ Multi-language support to serve customers across borders
- ✓ Advanced performance and speed engineering for elite load times
- ✓ 60 days of post-launch priority support — comprehensive and hands-on
- ✓ Private 1-hour training session so you command your website with full confidence
- ✓ Priority response and dedicated communication throughout the entire engagement

Timeline **25–35 working days**
Revisions **5 rounds included**

All prices are exclusive of Shopify or third-party app subscription fees. Ad spend / media budget is separate from our management fee.

★ 15% bundle discount when you take 2 or more services together.
